Exterior View

No UV Protection or Abrasion Coating has been applied to this sample card.

Interior View

The Skin Cancer Foundation recommends many 3M Window Film products as an effective UV protectant.

Night Vision 15 Benefits:

- Great heat rejection provides energy savings and improved comfort
- A warm natural hue invites warmth and beauty to any room
- Extends the life of furnishings by significantly reducing UV rays, the largest cause of fading
- Low interior and exterior reflectivity, especially at night!
- New 3M nano-technology enhances color stability
- Reduces glare and eye discomfort
- Comprehensive 3M manufacturer's warranty
- Increases personal safety from flying glass
- Superior scratch resistant coating
